

# **TRELLO**

## **Introduction =>**

Aim is to design a Simple Web-Based, Kanban-Style, List-Making Application like Trello.

## **Technologies Used =>**

- ❖ Hypertext Markup Language ( HTML )
- ❖ JavaScript [ Vue.js ]
- ❖ Bootstrap

## **Features =>**

- ❖ Add & Edit Cards in any of the Three Columns ( To Do, Doing, Done )
- ❖ On a Single Click, Cards can be moved from To Do to Doing & Doing to Done; and can also be removed Done.

## **Related Links =>**

- ❖ Link to the static hosted page ( [Click Here](#) )
- ❖ Link to the public git repo ( [Click Here](#) )

**Prepared By =>**
